INNOVATION | PASSION | COMPASSION

Your health and happiness are our only focus. We go above and beyond to bring care, compassion, comfort, and inspiration to every day.

## WE PUT OUR HEARTS INTO GIVING YOU PEACE OF MIND

Our Long-Term Care Residences were built upon the MorseLife commitment to provide quality of life and an outstanding standard of care with compassion, support, and dignity. The respect we give to our residents has earned us the respect of the entire industry. Our care has earned a five-star ranking for quality from the Agency for Health Care Administration, along with the exceptional honor of the Gold Seal Award from the Governor's Panel on Excellence in Long-Term Care, and recognition as one of the best Nursing Homes in the nation.

Our interdisciplinary medical team includes a board-certified, Harvard fellowship-trained geriatrician and a dedicated team of geriatric nurse practitioners. Our social workers, along with our physical, occupational, respiratory and speech-language therapists, all work on our property for maximum comfort and convenience. More than a highly-skilled healthcare team, we are a caring, supportive family that always makes you and your loved ones feel like a part of ours.
